

To continue growing as a vibrant, Christ-centered community, Our Lady of Mount Carmel is launching several key initiatives as a part of the *Called to Flourish: Our Church for the Future* campaign that will strengthen our parish well into the future. Your support will bring these vital projects to life.

Investing in Our Parish Campus

To maintain and enhance the essential infrastructure of our parish, **we must establish dedicated savings** to fund critical safety equipment and capital improvements. This fund will enable us to build resources over time and prioritize projects in a responsible, sustainable manner. These savings will ensure our facilities remain safe, functional, and welcoming for years to come.

- **Safety Equipment Upgrades:** To keep our spaces safe for all who worship, learn, and gather here, including:
 - **New Automated External Defibrillators (AEDs)** in the rectory, church, school, and gym to equip our spaces for urgent medical response during a cardiac emergency.
 - **An upgraded fire alarm system** across campus.

While the *We Give Catholic* appeal will contribute to these savings, additional campaign support is essential to fully fund this necessary equipment.

- **Facility Renovations:** Savings will allow us to address essential repairs such as garages, barns, the parking lot, church bells, and the church façade. Additionally, over time, we plan to replace the parish center/gym roof and upgrade the rectory kitchen and offices to better serve clergy and staff.

Building Our Future

To ensure long-term sustainability, we will also establish an **unrestricted endowment** through this campaign to support the parish's greatest needs into the future. This fund will help us respond to emerging priorities and continue our mission with confidence and stability.

Our parish campaign goals are based on the needs we've identified, the estimated costs of the projects, and the generosity we believe our community can achieve together.
